CONSOLIDATED OPERATING MODEL

Eliminating Operational *Fragmentation*.

Instead of coordinating 5+ disconnected contractors, OPHRON gives hotel and F&B leadership a single accountable operating partner, one transparent contract, and total digital visibility.

TRADITIONAL FRAGMENTED SILOS

Multiple Contractors, Zero Ownership

- ✗ **Vendor Blame-Shifting:** Cleaning and stewarding crews blame each other during banquet delays.
- ✗ **Labor Volatility:** Untrained transient staff cause hygiene standards to slip and fail SFA audits.
- ✗ **Manual Blindspots:** Unverified paper records leave executives blind to shift attendance.
- ✗ **Margin Leakage:** Managing 5+ separate invoices inflates administrative overhead by ~25%.

THE OPHRON MASTER PLATFORM

Unified Operating Infrastructure

- ✓ **Single Accountable Partner:** 1 Contract, 1 Point of Contact, 1 Consolidated SLA.
- ✓ **WSQ-Trained Workforce:** Dedicated site supervisors signing off on quality every shift.
- ✓ **Live Digital Dashboards:** Real-time attendance telemetry and automated compliance logs.
- ✓ **Measurable Commercial Yield:** Optimized labor deployment and reduced procurement costs.

1. Supervisor Accountability

Every shift is managed by a named on-site supervisor with signed digital handover reports.

2. 100% Audit Readiness

Guaranteed compliance with SFA Food Hygiene Grade A and NEA Progressive Wage standards.

3. 60-Min Rapid Response
